No information is given to anyone but the Right To Life Committee of New Mexico and its Chapters.

When information is not provided, it costs money to get it, and we will pay to get it as it is all very important. When we mail to the person, and it comes back, it cost \$.44 as well as the Bulk Mail cost to mail it - which brings it to around \$.60.

How one is registered is only used in Primary Elections when we can share with a signee whether the person in their party is Pro-Life or not.

E-mails are needed, as ALL who give an e-mail will receive our Newsletters – those without will not, unless they become a donor or member or unless they check the last space “Viva News 6 mo. FREE.”

Time is important too. When we have to go through several sources to ascertain the spelling of a name or address, it does take time, so have them sign like they are getting a check from the IRS. ***MAKE IT CLEAR - MAKE IT CORRECT!***
